## Editorial Epigrams.

MARTINSVILLE, IND., November 27th, 1906.

I take my pen in hand to congratulate the people of Maysville, and to thank the Board of Education, and especially its Advisory Committee, on the choice of sites

for the proposed new Public School Buildings. From the viewpoints of area, accessibility and general fitness for the purpose intended, they were the only logical offerings, and they are just what was needed.

It remains, however, for the Board to seal the

verdict by purchase of the property recommended, when the real work will come; but such a commendable start is an indication that the Committee knows exactly what is necessary to be done, and that it will do it.

I feel sure now that a Residence Architect will not be employed to prepare plans for School Buildings, neither will a hatchet-and-saw Carpenter be engaged to put up four walls, punch a few holes in them for doors and windows, put a lid on top and call it a Schoolhouse! What are needed, and what are expected, are buildings with large rooms, with every modern appliance, with ample ventilation and perfect sanitation, with spacious playground, and last, but not least, buildings that will be architecturally handsome. It costs only a trifle more for tasty stone trimmings, and the effect is worth the cost. All these may be had by employing an Architect whose specialty is the construction of schoolhouses.

It should not be forgotten that these improvements are not for today or for next week; they are for the Maysville of forty years hence. Nor is the money that will pay for them being spent; it is simply transferring the

city's cash to the property account; and when they are built they will belong to the city and be one of its best assets.

The sites as recommended will cost \$20,700; this leaves practically \$40,000 for plans and structures, of which at least \$30,000 should go into the combined High School and Second District Building.

The Government spent over \$40,000 on our so-called Postoffice; and if I can't take \$25,000 and put up a more presentable Morgue, I'll agree to leave town on the first train over the Maysville, Washington, Mayslick, Fairview, Blueicks, Carlisle, Millersburg and Paris Traction Line—and live in Paris!

Gentlemen, you've made the start right; keep it up!

Did you ever spend Sunday in Martinsville without getting Saturday's issue of THE LEDGER? I did, and by the Great Horned Spoon I don't want the mails to play another trick like it.

Today I enjoyed a visit from the Hon. Charles Finley, ex-Secretary of the State, who has for more than six years been an exile from his Kentucky home—fleeing the wrath of the "intolerant Mohammedans" who would sacrifice every man who refused to wear Bill Goebel's collar in 1900. Mr. Finley is now a prosperous business man in Indianapolis, and from a financial standpoint may be better off than he would have been had he remained in Kentucky, even though unmolested by partisan enemies. Of one thing I'm absolutely certain—neither Caleb Powers nor Charlie Finley had any more to do with the assassination of Senator Goebel than had the Vice-Regent of Matabampo!

Oh, for the day when the real truth of this dastardly outrage will be revealed!

I haven't yet, on this tour, made a pilgrimage to Aunt Tina's "Denominational Garden," but expect to visit that picturesque nook within a few days.

## PERSONALS.

Among the ex-Mason countynates here at present are Mrs. Freeman, nee Ball of near Sardis, who now lives near Millersburg, and Mrs. Lindsay, who was a Miss Botts, whose home is at Sharpshurg.

Mr. Edward P. Browning and son LeWright had a number of kinsfolk guests from Indianapolis today—Dr. W. J. Browning, Messrs. Wood Noel, and Wood Noel, Jr.

Mr. E. H. Coates, a former attache of The Ledger Printery, now of Indianapolis, also Sundayed here.

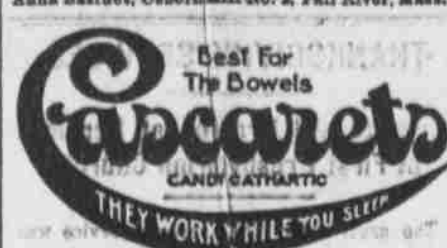

If you want to stew and sweat, come over.

## THIS DRUGGIST'S EXPERIENCE

Should Interest Maysville People.

Mr. Jos. F. Bradley, a prominent druggist of New Brunswick, N. J., writes:

"I have sold Vinol, the cod liver preparation without oil, for the past three years, and it has given perfect satisfaction.

"I now use Vinol in my family and can highly recommend it. It is always a pleasure to recommend a medicine that I have found to be first-class."

The reason Vinol is so fast superseding and so far superior to old-fashioned cod liver oil and emulsions is because it contains all of the medicinal, body-building elements of cod liver oil actually taken from fresh cods' livers, with all of the useless and nauseating oil eliminated and tonic iron added.

Vinol makes pure, rich, red blood. It is delicious to take and the weakest stomach can retain it.

As a body-builder, strength creator for old people, weak women, delicate children, after sickness and for all pulmonary diseases Vinol is recommended by over 5,000 of the leading druggists of the United States. Your money back if it does not do all we claim for it.

JOHN C. PECOR, Druggist.

NOTE—While we are sole agents for Vinol in Maysville, it is now for sale at the leading drug store in nearly every town and city in the country. Look for the Vinol agency in your town.

## River News

The gage marks 14.6 and falling.

The Ohio is going down—it never goes up.

Several tows go South from Louisville on the recent rise with tows of coal.

There will be hurrying for home of the tows-boats with empties soon as they can get back.

Thousands of bushels of corn were lost by the floods in the low lands along the tributary streams.

The Sprague, now at Louisville, has been coaled preparatory to making a trip to New Orleans with a record-breaking tow of coal.

It is expected that a Rivers and Harbors Bill will be passed at the coming session of Congress, carrying an appropriation of about \$50,000,000.

River pirates as thick as flies along the Ohio were out last week catching logs, for which they receive, according to law, from the owner or owners of same, twenty-five cents for each log caught and returned to the owner. The heavy flow out of the Big Sandy, Guyan and other rivers and creeks has washed thousands of these logs from the fastenings, and as yet no figure can be given as to the loss sustained.

## Cash Buyers, Notice!

Your money will get extra returns while our present supply of FLOORING lasts. \$2.60 per hundred feet is the price.

William Gregory, who has been in Jail at Iron ton for several months, awaiting the action of the Circuit Court in his case, has been released under \$100 bond. Gregory was accused of setting fire to his restaurant in Manchester, which resulted in the heavy loss of business property in that town.

"Going, going, gone!" With upraised mallet the Sheriff at Elizabethtown will auction off Dock Auberry, a shiftless white man who refuses to work. Auberry's services go to his purchaser for the period of nine months. The proceedings will be under the State Vagrancy Law, which is called into use so little that action under it attracts attention. He was tried and convicted, being found by the verdict, strong, able-bodied, with no visible means of support, and too lazy to work.
